

CAIS 2013 - 4th Argentine Congress on Health Informatics

"Bridging the gap between the actors in healthcare"

Introduction

For its fourth consecutive year, the Argentine Health Informatics Congress (CAIS) will take place in the city of Córdoba between 18 and 20 September 2013, in parallel with the 42nd Argentine Conference on Informatics (JAIIO).

As usual, the organizers' main interest is to provide a forum for sharing knowledge between scientists, professionals, technicians, software developers, and managers related to the application of information technologies to healthcare.

This year's edition will focus on joining the efforts and experiences of the public, private and academic sectors in order to reduce the isolation and fragmentation of the health information technology market through solutions that will work adequately for everyone. We encourage proposals aimed at unifying the efforts of all sectors in a manner that will provide cohesion, interoperability and integration capabilities, and standards adoption.

Dates:

From Wednesday 18 to Friday 20 September 2013. There will be pre-conference tutorials on Tuesday, 17.

Venue:

Facultad de Matemática, Astronomía y Física de la Universidad Nacional de Córdoba, Av. Medina Allende s/n, Ciudad Universitaria, CP: X5000HUA Córdoba, Argentina

Organized by:

- Asociación Argentina de Informática Médica (AAIM)
- Comité de Informática Médica de la Asociación Médica Argentina (AMA)
- Grupo de Informática Biomédica de Buenos Aires (GIBBA)
- Asociación HL7 Argentina
- Sociedad Argentina de Bioingeniería (SABI)
- Sociedad Argentina de Informática (SADIO)

Chairs

- Pedro Pablo Escobar (Facultad de Ingeniería – Universidad Nacional del Centro de la Provincia de Buenos Aires)
- Alejandro Viegas Palermo (Armada Argentina)

Program Committee

- Francisco Albornoz (Universidad de Concepción, Concepción, Chile)
- Claudio Giulliano Alves da Costa (Bionexo, São Paulo, Brasil)
- Osmán Argüello (Corposalud Táchira, San Cristóbal, Venezuela)
- Virginia Ballarín (Facultad de Ingeniería, Universidad Nacional de Mar del Plata, Mar del Plata, Argentina)
- Fernando Campos (Hospital Italiano de Buenos Aires, Buenos Aires, Argentina)
- Lorena Camus (Facultad de Medicina, Pontificia Universidad Católica de Chile, Santiago, Chile)
- Jose Manuel Carllinni (Ministerio de Ciencia, Tecnología e Innovación Productiva, Buenos Aires, Argentina).
- Walter Curioso (Universidad Peruana Cayetano de Heredia, Lima, Perú)
- Sandra de la Fuente (Facultad de Ciencias Físicas y Matemáticas, Universidad de Chile, Santiago, Chile)
- Mariana del Fresno (Facultad de Ciencias Exactas, Universidad Nacional del Centro de la Provincia de Buenos Aires, Tandil, Argentina)
- Martín Díaz (Hospital Alemán de Buenos Aires, Ciudad de Buenos Aires, Argentina)
- Bartolomé Drozdowicz (Facultad de Ingeniería, Universidad Nacional de Entre Ríos, Oro Verde, Argentina)
- Juan Pablo Graffigna (Facultad de Ingeniería, Universidad Nacional de San Juan, San Juan, Argentina)
- Steffen Härtel (Facultad de Medicina, Universidad de Chile, Santiago, Chile)
- Carol Hullin (Escuela de Salud Fundacion DuocUC, Universidad Catolica de Chile)
- Selene Indarte (SUAT, Montevideo, Uruguay)
- Roberto Isoardi (Escuela de Medicina Nuclear, Mendoza, Argentina)
- José Luis Jara (Departamento de Ingeniería Informática, Universidad de Santiago de Chile, Santiago, Chile)
- Diego Kaminker (Guest Faculty, Universidad de Columbia, Nueva York, EE.UU.)
- Eitel Lauría (Marist College, Poughkeepsie, Nueva York, EE.UU.)
- Julio Leivas (Centro Médico de Salto, Salto, Uruguay)
- Humberto Mandirola Brioux (Hospital "General Manuel Belgrano", San Martín, Buenos Aires,

Argentina)

- Matías Manzotti (Hospital Alemán de Buenos Aires, Ciudad de Buenos Aires, Argentina)
- Alan March (Hospital Universitario Austral, Pilar, Buenos Aires, Argentina)
- Claudio Marcos (Dirección de Informática, Fuerza Aérea Argentina)
- José María Massa (Facultad de Ciencias Exactas, Universidad Nacional del Centro de la Pcia. Buenos Aires, Tandil, Argentina)
- Yanko Michea (Universidad de Quinnipiac, Hamden, Connecticut, EE.UU.)
- Lincoln A. Moura Jr. (Assis Moura eHealth, São Paulo, Brasil)
- Sergio Ochoa (Departamento de Ciencias de la Computación, Universidad de Chile, Santiago, Chile)
- Pablo Pazos Gutiérrez (Cabolabs, Montevideo, Uruguay)
- Marcelo Pellizzari (Hospital Universitario Austral, Pilar, Buenos Aires, Argentina)
- Giselle Ricur (Instituto Zaldivar, Mendoza, Argentina)
- Alfredo Rodríguez Díaz (Ministerio de Salud Pública, La Habana, Cuba)
- Franco Simini (Facultades de Medicina e Ingeniería, Universidad de la República, Montevideo, Uruguay)
- Andrés Valdivieso (Facultad de Medicina, Universidad de Los Andes, Santiago, Chile)
- Valerio Yacubsohn (Escuela de Salud Pública, Universidad de Buenos Aires, Ciudad de Buenos Aires, Argentina)

Organizing Committee

- Héctor Repossi (Asociación Argentina de Informática Médica, Argentina)
- Jorge Renna (Comité de Informática Médica de la Asociación Médica Argentina, Argentina)
- Virginia Ballarín (Sociedad Argentina de Bioingeniería, Argentina)
- Jorge A. Guerra (Grupo de Informática Biomédica de Buenos Aires, Argentina)
- Martín M. Díaz (Sociedad Argentina de Informática, Argentina)
- Fernando Campos (HL7 Argentina)

Call for Papers

Besides this year's main topic, we invite the submission of papers related to the following topics:

- Health and Clinical Management
- Medical Records
- Health Information Systems

- Health Informatics and Multimedia
- Support decision making
- Knowledge representation and management in health environments
- Informatics Education in Health
- Patient-Centered Computing
- Bioinformatics
- Standards, Interoperability and Regulations
- Nursing Informatics
- Medical Imaging

Papers must include an abstract of 200 words to be included in the corresponding section of the template linked below. The paper format should be Microsoft Word 97/2000 compatible (.doc), as shown in [this template](#)

The document specified format is compulsory. It is recommended that the work does not exceed 25 pages.

Papers may be written in Spanish, Portuguese or English

Accepted papers involving applications may be selected to be presented in a demo session.

The program committee will review the relevance in each case and notify the authors to coordinate activities during the event.

Instructions for submissions

Submissions should be made through SADIO's Conference Management System. Credentials for accessing the system and submitting papers may be obtained by contacting cais@42jaiio.org.ar or at our site www.cais.org.ar

Important Dates

- Submission Deadline: April 29, 2013
- Acceptance notification to authors: July 1, 2013
- Final version (camera ready) submission deadline: July 8, 2013
